Just in Time has been providing Road Races, management and computerized services since 1995. We time and score over 100 events each year.

Road Races

Cross Country Races

New York State Cross Country Meets

Bike Road Races

Mountain Bike Races

Track & Field Meets

Biathlons

We offer professional results that will be complete, consistent and prompt. We understand the importance of runners walking away from your race feeling like the race was worth the time, effort and cost so they will return year after year.

Complete, professional, finish line timing services. Just in Time Racing can provide experienced personnel to manage a flawless finish line.

We can handle events of any size. We're a great alternative for small races who want professional results at reasonable prices!

Just in Time provides Chip and Non-Chip computerized race scoring

Services include all equipment and personnel needed manage the race finish line and race results.

Full finish line management and equipment including finish line chute and digital display clocks

Large timing clock at finish line for runners and spectator viewing.

Printed result reports at various times throughout race and a final race report at end of race.

Bib numbers and pins provided – Special order Bibs can be ordered.

Chip Timing

We use the IPICO Sports Tags. Advantages of chip timing include speed, accurate times, and a much simpler chute system; all you have to do is to retrieve the chips before the runners get to their cars; you don't have to try to collect bar codes from the runners in the same order as they cross the finish line. The hardware is relatively expensive, and so entails higher charges. Race numbers must be worn on front of jersey and secured with 4 safety pins

Registration

Includes data entry of name, age, sex, and address

Results Processing

Includes complete results (individuals in order of finish overall, top age/sex class finishers).

Fee

Will depend on number of competitors and if you'll be using Chips.

Please call for a free estimate.

Race organizer will need to provide race day volunteers to assist the Just in Time Racing Staff.
