- 3) When a host school in a dual meet does not have legal pole vaulting equipment available, points will be awarded to the visiting team if they have pole vaulters verified by the Athletic Director and coach. This will count as an event and they may only compete in three other events in the track meet.

Once the event is clerked, the event is closed. Athletes are reminded that there should be no talking in the clerking area when the official is talking. The athlete could be dismissed for noncompliance.
- Athletes should come to the clerking area ready to compete (running apparel and shoes).
- It's the athlete's responsibility to notify the clerk if she/he is leaving the clerking area to compete in a field event.

### Note to School Officials

**Rule 7-4-3** The vaulter's weight shall be at or below the manufacture's pole rating. The manufacturer's pole rating shall be visible in one-inch contrasting color, as well as a one-inch circular band, indicating the maximum top handhold. Pole rating markings are to be located above the handhold band. A pole not properly marked shall not be used in warm-up or in competition.

The location of the band indicating the top hand position shall be determined by the manufacture.

Coaches may mark poles manufactured prior to 1995 by placing the bottom of a one-inch vinyl tape six inches from the top of the pole. The weight marking shall be indicated by one-inch numerals with a label or permanent marking pen of a color that contrasts to the color of the pole.

**Rule 7-4-5** It is the responsibility of the coach to verify that the vaulter will use a pole rated at or above the vaulter's weight and that legal pole(s) has been provided for the competitor.

**Rule 7-4-6** Competitors who use a pole rated below the vaulter's weight, in warm-up or competition shall be disqualified from the event.

New rules take precedent over any old rules
